About CCC

Consumer Coordination Council (CCC) is a National Coalition of over 57 Leading Consumer Organizations in the country, working on issues relating to consumer interests as well as on various government policies affecting consumers and other related matters. CCC is also an Affiliate Member of Consumers' International (CI) U.K. As a non-profit and issue based National Coalition of Consumer Organizations, it provides a common platform for Consumer Organizations working in the area of diverse consumer issues. CCC is registered under the Societies Registration Act, as also under Foreign Contribution Regulation Act (FCRA). CCC has by now completed over a decade of service to Consumers in general and Member Consumer Organisations in particular.

CCC presently has a membership reach of 57 leading Consumer Organisations, spread over different parts of the country. Its Governing Council of 12 Members consists of well-known consumer activists belonging to established Consumer Organisations of long standing.

Vision:

Consumer Sovereignty.

Mission:

To be an effective National Coalition of consumer protection groups so as to provide thrust to common issues affecting consumers.

Aims & Objectives:

- Influencing policies, legislation and administrative framework towards promoting consumer interests.
- Empowering consumer protection groups to work towards a responsible constructive movement.

Need for an Institutional Approach to Consumer Awareness & Consumer Protection:

Based on its own experience and the experience of its Member Organisations, CCC has been strongly of the view that significant, sustainable and measurable achievement of its Vision, Mission and Aims & Objectives as indicated earlier, is possible only through an Institutional Approach and not by mere funding of individual and sporadic stand alone projects.

Consumer Online Resource & Empowerment (CORE) Centre Project:

In the background of what has been stated above and the emerging vibrant Information Technology, CCC proposed to the Ministry of Consumer Affairs, Food & Public Distribution (M/o C.A., F&PD) a Project for Web Based Institutional Approach to Consumer Awareness & Protection to be called Consumer Online Resource & Empowerment Centre, briefly CORE Centre. CCC is happy to acknowledge and record the highly proactive approach by the present team of Senior Officials of the M/o C.A., F&PD for their positive response, in coming forward to approve and sanction CCC's CORE Centre Project Proposal. In fact the proposal was initiated by CCC in October 2004 and was approved and sanctioned by the Ministry after a few rounds of presentation in record time by February 2005.

The CORE Centre was located in the premises of the National Institute of Training for Standardization of BIS in February itself and was inaugurated on 15th March 2005 — World Consumer Rights Day — by Shri Sharad Pawar, Hon'ble Minister for M/o C.A., F&PD. A formal CCC with the Ministry has also entered into Memorandum of Understanding (MOU) on 30th June 2005, incorporating the Terms & Conditions under which the project will be supported by the Ministry and managed by CCC. In the meanwhile, two other initiatives taken by the Ministry towards Consumer Awareness & Protection viz. the National Consumer Helpline Project & the Consumer VOICE Project, were also integrated with CORE Centre project for an Integrated Publicity & Promotion Policy through a joint MOU between the three Projects.

Details of the CORE Project:

The various Components of the CORE Project are: -

- (i) National Resource Centre;
- (ii) Online Database / Portal;
- (iii) Newsletter Service;
- (iv) Network between Consumer Organisations, Consumer Information Centres, Government & Non-Government Organisations;
- (v) Online Complaint Registration & Mediation Mechanism.

The main Objectives of the CORE Centre Project are: -

- (i) Development of National Information gathering mechanisms on consumer related issues;
- (ii) Dissemination of information on important consumer issues;
- (iii) Establishing a Research & Documentation Centre (highlighting the work of partner members) on various consumer issues;
- (iv) Providing information and analysis of consumer related Laws & Judgments;

- (v) To provide Online Support and pursue Consumer Complaints;
- (vi) Raise Resources to become Self Supporting at the end of five years.

PROPOSED ACTION PLAN FOR GENERATING REVENUE FOR CORE PROJECT AND TO MAKE IT SELF RELIANT

Paragraphs 8 & 9 of the MOU entered into by CCC with the Ministry of Consumer Affairs, Food & Public Distribution read as follows: -

- “8. The Second Party shall make every effort to make the project self supporting to the maximum extent within the project period of 5-years and in any case ensure that the project becomes fully self supporting commencing from the 6th year, by generating sufficient revenue on its own from the project.*
- 9. The Second Party shall report regularly to the First Party about the status of progressive self-reliance of the CORE Centre.”*

CORE Project has completed about 11 months since its inauguration on 15th March 2005. As such the project is still in its early stages of implementations and has not reached its full potential. The process of migrating the CORE Website and its database from a private server where these are presently located to the NIC Server is still in progress. Substantial improvement to the CORE Website can take place only thereafter. Some more software is also to be acquired to make the Website more effective.

We would however, like to place on record that in the meanwhile we have three subscribers to our Website who have registered themselves by paying an Annual Subscription of Rs.2,200 for accessing our Website. These subscriptions will no doubt prove a source of revenue for the project, but it will take time to build up.

The following are some tentative proposals under consideration for raising revenue for the project: –

- Holding of discussions with the National Consumer Disputes Redressal Commission and the Ministry of Consumer Affairs to enable the CORE Website to act as a Resource Centre and Database for the National Commission for accessing of Legal Information & Judgments. Initiative in this regard will be taken after transfer to the NIC Server is completed. Suitable financial arrangement in this regard will also be worked out thereafter.
- Similar proposals for linking the State Commissions and the District Fora will also be considered.
- The current subscription rate of Rs.2,200 per annum will be reviewed to see how this can be rationalized and differential rates fixed, for various stages of accessibility of Information on the Website.
- Though, currently the Weekly/Fortnightly/Monthly/Quarterly Newsletters are accessible free of cost, possibility of making those available on payment of subscription will be examined.

- Presently, complaints are being handled free of cost. However, the rate of resolving of complaints is not sufficiently encouraging and those whose complaints are not resolved are advised to take the case to Consumer Court. Some suitable methodology is proposed to be worked out for charging suitable fees for helping such complainants to take the matter before the Consumer Courts. Already between NCH and CORE Centre a panel of about 50 Consumer Counselors have been drawn up for advising the complainants and helping them in filing cases. The modalities of working out a mechanism in this regard will be worked out to enable generation of revenue for the CORE Project.
- State Governments are proposed to be approached, to utilize the CORE Centre Project for providing a portal for lodging and resolving complaints on the basis of some suitable financial arrangements to be worked out with them.
- Marketing Consultants are proposed to be approached, to explore various possibilities for generating revenue for the project, while at the same time keeping in mind the Code of Conduct of not generating funds through the Corporate Sector.
- Possibility of providing Consultancy Services, for generating data and for research on various consumer issues, is also proposed to be explored.
- Suitable periodical Workshops and Brainstorming Sessions will be held to generate ideas for raising revenue.

The above processes will naturally take time for formulation and implementation. The Project Proposal as approved, envisages generation of revenue only from the second year onwards. It is therefore, proposed to review the progress made in this regard on a quarterly basis, commencing from 1st April 2006 onwards, while at the same time initiating action on the suggestions as indicated above.

ANALYSIS OF THE COMPLAINTS RECEIVED

In the month of February 2006, 1022 Complaints were received from various corners of the country, as against 1430 for the month of January 2006.

Figure-3 shows the comparative picture of complaints received by CORE Centre from 15th March 2005 to 28th February 2006. As will be seen there from, though there has been a steady increase in the number of complaints received from 15th March onwards, there are small variations in the numbers in between the months. This reflects the impact of advertisements being issued by the Ministry of Consumer Affairs.

Comparative analysis of the complaints received from 15th March to 28th February 2006.

Table-4

As can be seen from **Table-4**, there is a clear demographic distribution of the complaints with Delhi State taking the lead followed by Maharashtra & Uttar Pradesh. This distribution also shows that majority of complaints have come from places where advertisements and Publicity of the Consumer Online Resource Centre are frequent.

As can be seen from **Figure-4**, major share of the complaints have come from four States namely Delhi, West Bengal, Maharashtra, Haryana, Karnataka & Uttar Pradesh. Similarly on Region wise demarcation, it is seen that complaints from smaller states like Bihar, Gujarat, Punjab and Orissa are on the increase.

Online Registration & Redressal of Complaints is one of the major day-to-day activities of the CORE Centre.

The procedure followed, in dealing with Complaints Registered on the Website directly and received by email, as also written complaints, mostly forwarded by the Ministry of Consumer Affairs & other sources, is as follows:

Stage # 1: Acknowledgement immediately to the Complainant and forwarding the Complaint with a letter to the Opposite Party within 24 to 72 hours, requesting them to resolve the Grievance/Complaint within 15 days.

Stage # 2: If the Complaint is not resolved within 15 days and/or no response is received from the Opposite Party, another letter in stronger language is written requesting resolution of the dispute within another 15 days.

Stage # 3: If the Grievance/Complaint is still not redressed, a final letter is written to the Opposite Party, mentioning that their name will be included in a *List* titled “ Beware of such Organisations “ maintained by the CORE Centre and posted on the Website. It is also added in the letter that the Complainant was being advised to take the matter to the appropriate Consumer Court.

As for the Complainant, he is advised that it is up to him to decide, whether he would like to take the matter to the Consumer Court. For this, necessary support by way indication of the procedure and the contact address of the nearest Member Organisation of CCC, who can provide assistance in this regard, is also provided to the Complainant.

Stage # 4: When a Complaint is happily resolved to the satisfaction of the Complainant, a suitable letter of thanks is written to the Opposite Party as also to the Complainant, thanking him for approaching the CORE Centre and to continue his contacts with the Centre and to subscribe to the Consumer Network Magazine of CCC, as also pass on the message to other friends and relatives, who may need assistance.

Thank you letters and letters of appreciation are also posted in the Website, by way of success stories, for the information those who visit the Website, about the achievements of the Centre. A “CORE” + List of 5 best Opposite Parties who have taken keen interest in resolving the Grievance/Complaint is also mentioned and posted on the CORE Centre.

Month wise Distribution of Resolved Complaints
From 15th March 2005 to 28th February 2006

Figure 5

Figure 5 shows an increasing trend of the number of complaints resolved. It is encouraging to note substantial increase in the number of complaints resolved in January 2006, both in absolute numbers, from 300 to 324 as also percentage – wise, from **20% to 31.8%**. However the overall percentage of complaints resolved from 15th March to end of February is around **12.7%**.

Tables 5 and 6 & Figure 6 show details of total number of complaints received till 28th February 2006, total number of complaints resolved till 28th February 2006 and the balance complaints remaining unresolved as on 1st March 2006, as also their percentage wise breakup.

- There are 82% of unresolved complaints numbering 7352, as on 1st March 2006, which are beyond Stage 3.
- In the case of 370 complaints out of the above, relating to M/S Bharti Cellular Ltd., Standard Chartered Bank & M/S NOKIA India Ltd., their names have been posted in a “**Shame List**” under the heading **CONSUMERS BEWARE**, in the CORE Centre website, after writing a final letter to the head of the companies concerned. Please see http://www.corecentre.org/core_achievements
- Further possible course of action is to bring together, the defaulting parties and the complainants in suitable groups, for an on the spot resolution of complaints, to the extent possible, in a workshop.
- Now that CORE Centre has completed 11 months, the pending complaints are proposed to be analyzed product /service wise, company/organization wise, for organizing a workshop.
- Suitable software is also proposed to be developed for easy stage wise analysis of both resolved & unresolved complaints as also categorizing them suitably.

SUBJECT WISE BREAK UP OF COMPLAINTS

Complaints received in the CORE center can be categorized into following major heads for analytical purpose:

- Services
- Products
- Telecom
- Banking
- Miscellaneous

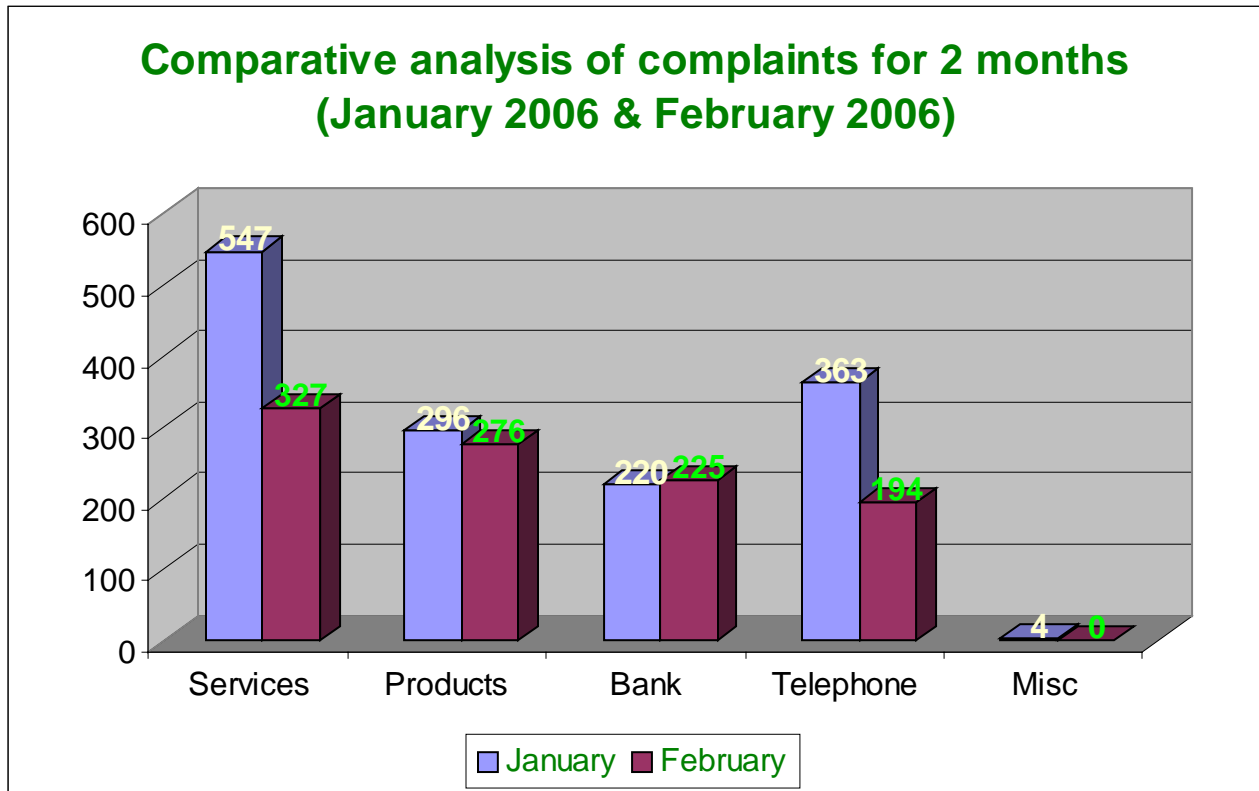

Figure-7

Figure-8

As can be seen from Figures 7 and 8, highest percentage of complaints is from the Services & Product category. Telecom Category shows decreasing trend in February

OUR REWARDS

We have received a number of appreciation letters from the consumers, whose grievances have been resolved amicably through Consumer Online Resource and Empowerment (CORE) Centre, as also from those whose redressal is in process, for taking prompt action on their complaints. The opposite parties have also been responding positively and promising further support in resolving complaints referred to them by us. Such responses have encouraged us in our efforts. We consider this as our reward for our efforts. Some of the letters of appreciation/thanks are annexed for information. **(Annexure-3)**
